Oxidaze is a physician's prescription—a pleasant, powerful combination of antiseptic, healing agents that contain no habit-forming drugs. Mingling with the saliva, its juices heal the inflamed memoranes gently but promptly, not sonly stopping a dry, hearse or tight cough, but checking the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. Oxidaze is guaranteed to do these things or Lee & Osgood and other leading druggists are authorized to refund the purchase price. If you are 'subject to colds,' use Oxidaze Tablets, take nothing in place of them, and see how they keep the cold away altogether. Keep a few tablets in your pocket or purse all the time.

SOCIALIST CONFERENCE

OF ENTENTE COUNTRIES To Be Held at the Hague-14 Countries Invited to Participate.

The Hague, Netherlands, Nov. 22 .-

(Correspondence of The Associated Press.)-As many as fourteen different national sections are being invited to take part in the Socialist Conference of Entente countries which is being organized by the socialist internationals of this city, namely, Britain, France, Italy, Portugal, Canada, Australia and New Zealand. The delegates of the entente socialists are to meet in London, probably in January next, the conference having been called on the initiative of the party France. More significance natur France. More significance naturally attaches to the decisions which may
